Compression	0	10.0	10.50
0-60 mph	7.1	6.1	6.0
0-1000 m	0.0	0.0	25.3
Vmax mph	155	155	173

Eschewing the superficial gains claimed by other tuning houses, Hartge offers high performance, increased capacity engine conversions for every model in the current BMW range.

Underlining their place at the cutting edge of tuning technology, Hartge is unique in having installed its own fully automated engine test bench - of the kind usually operated only by major manufacturers. This means that Hartge can carry out all the long-distance and endurance tests necessary in the development of their high performance engines.

All Hartge high-performance engines are hand-built to individual customer order, and supported by comprehensive Hartge warranties.
